Hythe Master Hannah Trott Completes Another Open Water Challenge

Hannah Trott was in action again last weekend when she completed the 1 mile serpentine swim last Saturday with a new PB of 36:56 despite getting cramp on last 200m and so not using her legs. Water temperature was a chilly 15.2 degrees.

Hannah said It was a great event with people completing London Classics etc, and there was also great atmosphere.

Well done Hannah with some good Open Water Swims this year.
