SUPPORTING THE NEW POOL ON PRINCES PARADE

We are moving closer to a new pool! Shepway Council Planning Committee will be considering the planning application for Princes Parade in the Spring. As part of this process the Local Plan for the whole District is being reviewed and updated and the Leisure Centre on Princes Parade is included in Policy UA18. The Local Plan is currently being consulted upon and it would be very helpful if you could take the time to register your support for policy UA18, which includes the new leisure centre. You can either follow the links below and sign onto the portal or simply email the planning policy team planning.policy@shepway.gov.uk expressing your support for policy UA18. Please take the time to do this as you can be sure that the objectors will.

Many thanks
