

# **HYTHE AQUA - CORONAVIRUS UPDATE**

## **CLUB CLOSEDOWN**

To: ALL CLUB MEMBERS

Last night (17th March) we received further advice from Swim England our Governing Body regarding Club activities. The advice from Swim England has now changed and as a responsible Club we are following the guidance and introducing a phased shutdown of all Club activities in the next couple of days as follows:

Wednesday 18<sup>th</sup> March - Masters tonight as normal

Thursday 19<sup>th</sup> March – Last Swim School/Squads/Water Polo\* sessions and then cancelled until further notice.(Sunday Squads / Teaching/ Water Polo cancelled)

Friday 20<sup>th</sup> March – Last Masters and then cancelled until further notice

Saturday 21<sup>st</sup> March – Synchro cancelled along with ALL other club sessions until further notice.

\*Please note that the Water Polo\* session tomorrow is restricted to 16+ members only.

Annual club membership collection which was due from the 1st April will be put on hold until the Club returns to its normal schedule which could be a few months away.

We will also be circulating a further information email to those sections that pay on standing order arrangements in the next couple of days.

We are obviously facing a difficult period for everyone over the next few months. We hope that the Club can return to normal activity before the summer but this will depend upon factors outside our control.

We hope that all club members keep well and safe.
