

Well done to Donna Wickens

Well done to Donna Wickens a Hythe Masters swimmer for many years on her recent Lifesaving Competition success.

On 16 October Donna was in Leeds and managed to get two European Lifesaving masters records (100m obstacles and 50m manikin carry)! She will be trying for more success next month, possibly including a trip to Holland if Covid allows. Donna thanked Tim for his Masters coaching over many years and she hopes to get back to Masters training in the near future for some more of Tim's sets as she is really missing the Hythe masters sessions!
